

## COACH/TRAINER/MANAGER:

-Be Patient

-Self Screen before arrival

-Ensure Players and Spectators complete screening; Health Check on TeamSnap should be completed 2 hours before scheduled ice unless the ice is between 7:30-9:00 am before arrival is fine.

-Prepare contact list information to be left with the arena employees. Suggestion: make a contact list with parent/guardian names and numbers in advance and circle the appropriate name and number. This will make entry into arena quicker.

-Ensure only one spectator per player.

-It is the responsibility of the bench staff to monitor the dressing rooms. Appropriate numbers, masking and social distancing. The max amount of people in any dressing room is 8. Coaches and Managers should remain masked until on the ice or seated in the stands. Same rules for Parents. Bad behavior should be addressed immediately.

-Bench staff is able to turn people away to the door if cold/flu symptoms are exhibited by PLAYER or PARENT/GUARDIAN. Refusal to admit PLAYERS and PARENTS/GUARDIANS can also happen if drugs or alcohol are detected by the bench staff.

-ENTRY is the door by DRESSING ROOM 1. The door will be locked by arena staff once the group is in the rink and on the ice. ENTRY is no earlier than 10 mins before ice time.

-EXIT is the door by DRESSING ROOM 4. EXITING the arena can take no more than 10 mins after the ice time. **THIS MUST BE STRICTLY ENFORCED.**

-IF the arena staff asks a PLAYER or PARENT/GUARDIAN to leave for COVID symptoms or behavior, Manager and on-ice Coach should assist in whatever way possible.

-At any time the SDMHA, the Municipality of South Dundas, or the Eastern Ontario Health Unit, can change ANY regulations. It is up to the bench staff and parents to respond accordingly.

-Players must be dressed for every ice in Hockey Canada regulated equipment. IE: neck guards and jocks/jills. Non-compliance will mean the player is sent off the ice. If it is an ongoing issue, discipline could be enforced.

-Players must NOT enter the rink having consumed alcohol/drugs. If it is deemed that the player is under the influence of either alcohol or drugs, the player must exit the building immediately and a Rules and Discipline hearing will be convened. THERE IS ZERO TOLERANCE for this behavior.

-As per the Health Unit, Municipality and SDMHA, there is a ZERO VAPING TOLERANCE in the arena. If caught the steps are the same as above.

-The bench staff can promote among parents/guardians that there is zero tolerance for bad behavior on the ice and in the stands. There is no prolonged contact on the ice. If a player does not obey the coaches instructions they can be asked to leave the ice and vacate the rink.

-If bad behavior is an ongoing issue discipline in form of suspensions will be enforced. IE: 1<sup>st</sup> offense, miss one ice. 2<sup>nd</sup> offense, miss 3 ice. 3<sup>rd</sup> offense a Rules and Discipline hearing would be convened to discuss long term strategies. Health & Safety of the Coaches, Players and Municipal Staff is a priority. Disciplinary actions once at the suspension stage should be in consultation with Todd Larocque (Head Coach) & Ken Turnbull (Rules and Discipline).

-If there is a positive COVID test or a player sent off the ice with COVID related symptoms, please report this information to JOYCE LATULIPPE (President) at [joytulip@hotmail.com](mailto:joytulip@hotmail.com) or 613-213-3100.
